SURPRISE CELEBRATION IS HELD FOR UNIVERSITY ARCHIVIST

Dr. Worth M. Tippy, DePauw University's archivist, was honored by 150 fellow staff members at a surprise celebration of his 90th birthday here this noon.

The special luncheon featured a brief address by DePauw President Russell J. Humbert and the presentation of a volume of testimonial letters to Dr. Tippy from his friends.

During 65 years in the field of Christian service, Dr. Tippy has been a campus minister, lecturer, author and clergyman in Indianapolis, Terre Haute, Cleveland and New York City.

He also has served as president of the Church Conference and Social Work and executive secretary of the church and social service commission for the Federal Council of Churches of Christ in America.

In 1907 he received the honorary doctor of divinity degree from DePauw, and his alma mater recognized his service to the university with a second honorary degree last June.

Cheney Fritchey, Stevenson's chief press aide, said the beaten candidate probably would release by the end of the week a statement on his future plans.

Sports Writer Is Guest Of Rotary

The recognition given Indiana in the world of sports was interestingly brought out by Wayne Fuson, popular and well known sports writer for the Indianapolis News, in his talk before the Greencastle Rotary Club at the Student Union on Wednesday.

John E. Fobes arranged the program and introduced Mr. Fuson. Kenneth Eitel presided.

"Indiana exports more high school basketball players to out-of-state colleges than any other state," said Mr. Fuson, in relating the popularity of this sport in the state, and the recognition given it by every high school, regardless of size. He pointed out that until recent years Indiana was famed for its 500 Mile race and its basketball prowess, but lately is gaining the spotlight as an outstanding state in other fields of sport.

He commented on the importance of the annual Washburn decathlon event, track and field activities, harness racing and golf. "Five major amateur tournaments have been held in Indiana in the last two years," said Mr. Fuson. "Hodges, Erskine, and Larsen were mentioned as outstanding in National League baseball; all of whom are from the Hoosier state."

Guests of the Rotarians were the Rev. Don Hartsock, Father Francis Kull, Warren Harlan, Bob Hicks, Charles Erdmann, Robert Harvey and Edwin Snaveley, all of Greencastle.

Hungarian Rebels Continue Fighting

VIENNA (UP)—Diehard Hungarian patriots have renewed their fight against the Soviets in Budapest and opened a "third front" near the Yugoslav border, radio reports from Hungary said today.

Faint signals from a radio transmitter inside the ruined Hungarian capital served notice the rebel spirit had not been daunted by Soviet firepower.

"The freedom fighters are becoming tired, yet enthusiasm is even greater than before," the broadcast said. "Please help us save our country."

It added they had food left for less than a week.

HUMBERT GIVES CHAPEL ADDRESS AT UNIVERSITY

DEPAUW PRESIDENT DISCUSSES CHURCH ATTENDANCE MOTIVES

Major motives for church attendance were analyzed at a DePauw University worship chapel yesterday by President Russell J. Humbert.

According to the president, "When you worship you become more than an ornament in the community; you become a receiving station for the best God has to offer."

The normal human impulse is to be used and useful, he continued, and through an active church membership man's most valuable possessions, including friendship, love, and kindness, are sharable.

Furthermore, he said, one of the specific functions of the church is to allow the individual to open his mind and tune his soul to the spiritual.

"When you worship you also are like a spiritual clock which is being wound for usefulness," President Humbert noted.

"More and more I believe that the great virtues must be caught rather than taught. It is almost impossible to teach honesty by design; one must see and feel it in another, then absorb it."

Finally, the speaker said, church worship is advisable because "no man liveth unto himself."

"The central problem of the human race today lies in the fact that we are being drawn together physically while we are still far apart psychologically."

President Humbert warned, however, that the values which individuals receive from worship depend largely on that "set of souls" which they bring to the service.

Marshall Field Called By Death

NEW YORK (UP)—Marshall Field III, banker, publisher and philanthropist, died today in New York Hospital where he recently underwent brain surgery.

Field, founder of the Chicago Sun, which later became the Chicago Sun-Times, entered the hospital Oct. 21. A brief announcement today said the multi-millionaire died at 5 a. m.

Field was born in Chicago in Sept. 1893. Both his father and grandfather, the famed merchant prince Marshall Field I, died while he was still a child.

He was left a fortune estimated at 120 million dollars.

Field was educated in England and graduated from Eton and Trinity College in Cambridge. He returned to the United States in 1914 and 10 days after Congress declared war in 1917 he joined the U. S. Cavalry as a private.

He served in the St. Mihiel and Meuse-Argonne offensives and was discharged as a captain with the Silver Star.

Field entered the newspaper business in 1940 when he invested \$200,000 to help found the paper, PM, in New York. The paper didn't catch on and Field sold it.

In 1941 he founded the Chicago Sun, three days before Pearl Harbor. Six years later he bought control of the Times and merged the papers into the Chicago Sun-Times.

Field remained as publisher and president until 1950 when he turned the newspaper over to his eldest son, Marshall Jr.

Field was widely known for his many philanthropies and his staunch New Dealism.

Field once estimated his gifts to various charities at more than \$500,000 a year.

Money Is Stolen At Moose Home

City police reported Thursday morning that a robbery took place at the Moose Home or West Franklin street sometime Wednesday night.

First reports were that the thief or thieves obtained between \$70 and \$100 from the coin machines in the club's canteen. The combination on the safe had been battered but they failed to get the safe open.

Police Chief John Vermillion said that entrance to the club home was gained by forcing open a kitchen window.

The front of the cash register was pried off but \$32 was overlooked.

William Ellis, club caretaker, discovered the robbery when he went to the home at 4:50 a. m. to take over his regular duties. He told the police he was certain he heard the robbers in the upstairs rooms when he opened the basement door.

What are believed to be the same robbers who entered the Moose, also entered the American Legion home and took all the money from the coin machines and battered the safe out of shape. They failed to open the safe, but let it upside down on the floor. It was discovered shortly before noon by Zeke McClintock, the caretaker at the Home.

COLD WEATHER MOVES ACROSS UNITED STATES

FREEZING TEMPERATURES ARE EXPECTED OVER A WIDE AREA

The coldest outbreak of the fall season was expected to cause freezing temperatures as far south as southeastern Oklahoma and central Arkansas by Friday morning.

The mercury dipped low over the north-central portion of the nation early today. Freezing temperatures were observed as far south as central Missouri, east-central Kansas, north-central Oklahoma.

As the colder air pressed southward today and tonight, temperatures were expected to fall to the 20s over northeastern Kansas and northern Missouri, and as low as 32 degrees over the boot heel of Missouri, central Arkansas and southeast Oklahoma by Friday morning.

Laramie, Wyo., reported a low of 5 degrees above zero early today.

The colder air was due to a high pressure system which has been dominating the western two-thirds of the nation. It caused rain showers and snow flurries from the northern Mississippi Valley into the Great Lakes area. For many sections it was the first snow of the season, but amounts were very light.

Showers and snow flurries were expected to spread across the Great Lakes and into the northern Appalachians.

Weathermen said Wisconsin River Valley weather stations reported the first flight of ducks from Canada Wednesday. Weathermen said the late initial duck flight was due to the warm weather of the early fall season.

EDITOR W PEAK

Edward Weeks

The ninth editor of the Atlantic Monthly, Edward Weeks, has been booked for a convocation appearance at DePauw University on Friday, Nov. 9.

Scheduled to speak at 10 a. m. in Gobin Memorial Methodist church on the DePauw campus. Weeks will discuss the subject, "In the Editor's Chair."

As the director of America's most famous literary magazine, he each year reads an estimated 30,000,000 words and with the help of three assistant editors handles more than 50,000 manuscripts.

Currently the Atlantic Monthly's circulation exceeds 250,000 for its big issues, an increase of 150,000 since Weeks took over as editor 18 years ago.

A former book publisher, he has written several successful works, including "The Open Heart," and is regarded as one of the leading talent scouts in the field of literature.

Among Weeks' predecessors as Atlantic Monthly editors were James Russell Lowell, William Dean Howells, Thomas Bailey, Bliss Perry, and Ellery Sedgwick.

Handley Speaks To Farm Bureau

INDIANAPOLIS (UP)—"Repeal of the state property tax, rapid expansion of Indiana's free highways and farm-to-market roads, establishment of a veterinary school at Purdue University, and a state-house-coordinated drive to push Hoosier agricultural products in both food markets and for industrial uses will be proposed to the 1957 Indiana Legislature with the recommendation that they receive priority consideration," Governor-elect Harold W. Handley told the annual convention of the Indiana Farm Bureau here Wednesday afternoon.

"These were campaign pledges of mine, and I intend to keep them," Handley said. It was his first public appearance since the election Tuesday.

"These projects are all very popular," Handley said. "I verified this throughout the campaign. The public needs them and the public wants them. They are what I mean when I promised the people of Indiana a progressive, constructive administration in these next four years."

The Legislature must find some way to make it possible for Indiana to match the millions of dollars of federal highway, roads and street funds now available to us. If the Legislature decided that an increase is necessary in our state gasoline tax, I will approve that legislation.

"One of the reasons Indiana has not been able to keep her highways sufficiently wide and sufficiently safe to handle our rapidly growing auto traffic is that our present state gasoline tax was established in 1929, and

Israel Defies U.N. And Ike

LONDON, (UP)—Larzel defied the United Nations and a personal appeal from President Eisenhower today and began digging permanent fortification 10 miles east of the Suez Canal—some 120 miles beyond its old borders.

There also were strong indications Great Britain and France would ignore the U. N. call to withdraw all their forces from Egyptian territory, at least until a U. N. international police force actually arrives on the scene.

Scattered fighting still was reported in Port Said a full day after a cease fire was ordered there.

DEMOCRATS TO HAVE CONTROL OF CONGRESS

WIN MAJORITY IN BOTH HOUSES DESPITE IKE'S VICTORY

WASHINGTON (UP)—Democrats have won control of the 85th Congress despite the great Eisenhower landslide.

They won the House Wednesday morning when they had captured 218 seats.

The hot Senate race remained in doubt for nearly two more hours. Shortly after noon that chamber also fell to the Democrats when Sen. Alan Bible swept to victory over GOP Clifton Young in Nevada.

That gave the Democrats their 49th seat and a clear majority in the Senate.

It meant that President Eisenhower will have to deal with a Democratic Congress for at least another two years.

It was a major blow because he had campaigned hard to put Republicans in control.

All Tuesday night and through Wednesday the Senate race remained in doubt. Then Sen. Wayne Morse clinched his lead over Mr. Eisenhower's hand-picked candidate in Oregon, former Interior Secretary Douglas McKay, and Bible won out over Young.

The Democrats were in.

Two more Senate seats still hung in the balance after noon with a Democrat leading in one, a Republican in the other. Sen. Earle C. Clements of Kentucky, assistant Senate Democratic leader, held an edge over Republican Thurston B. Morton. Sen. Francis Case of South Dakota, trailing for hours, pulled to a narrow lead over Democrat Kenneth Holm.

The last Senate had 49 Democrats and 47 Republicans. The Democrats were assured of at least that margin with Bible's election.

As the Democrats' House lead mounted, they had won 224 seats and were leading for 9 others, an indicated total of 233. Republicans elected 194 and were leading for 8, and indicated strength of 202.

The Republicans knocked off two Democratic congressmen in normally Democratic Jersey City. They picked up the only Democratic seat in Connecticut. And in Michigan, they upset Rep. Don Hayworth D-Mich., who represents the heavily unionized area around Flint, a Democratic-CIO stronghold.

The GOP also annexed a normally Democratic seat in West Virginia and unelected Democratic Rep. James C. Murray in Illinois.

But the Democrats invaded the GOP Ozark stronghold of southeast Missouri to unhorse the veteran Rep. Dewey Short R-Mo. Short was beaten by Democrat Charles H. Brown.

Democrats also defeated veteran Rep. Harold O. Love in staunchly Republican South Dakota and Rep. James I. Dooliver in Iowa. The Democrats also annexed the Fifth District congressional seat in Kansas.

The Democrats earlier had won one House seat in Maine. But they topped that Tuesday by defeating two Republican representatives, Sam Con and Harris Ellsworth, on once solidly Republican Oregon. In the shambles, Oregon Republicans found themselves left with only one of the state's four congressional seats while the Democrats held the other three, plus both Senate seats and the governorship.

MAYOR'S PROCLAMATION

Whereas A world-wide struggle is now going on between the forces of democracy and totalitarianism, and with our government engaged in an action with other peace loving nations of the world to preserve the democratic way of life, it is appropriate and most imperative for all of our schools to emphasize the important position that education plays in "Government Of, By, and For the People," and

Whereas, this year, the Greencastle Classroom Teachers in cooperation with the National Education Association, the American Legion, the United States Office of Education, and the National Congress of Parents and Teachers is making a special effort to emphasize in our schools the responsibilities and obligations of citizenship. I endorse this program, and I want to urge that all of our citizens join with the teachers of our schools in the ceremonies designed to impress firmly in our minds the true significance of the American Way of Life and the true meaning of "Government Of, By and For the People."

"I am convinced that the people
will eagerly pay for such needed
services, provided that they know
that their tax money will be
spent for specific uses.
"Another one of my campaign

pledges was to invite every mem-
ber of the newly elected 1957
Legislature to attend the Decem-
ber meeting of the Legislative
Advisory Commission. At that
time I will give a preview of

numerous recommendations
which will be made to the Legis-
lature in detail in January.

"Repeal of the state property
tax will be of great help to all
property owners—and particu-
larly farmers. It also will ben-
efit our county and municipal gov-
ernments because it will give
them the sole right to levy prop-
erty taxes.

"Establishment of a veteri-
nary school at Purdue will also
benefit farmer and consumer
alike. Two-thirds of Indiana's
farm income is from live stock,
and certainly the consumer
wants the best possible meat.

Hunting Season Opens Saturday

The 1956-57 season for hunting
and trapping will open Saturday,
Nov. 10. For information re-
garding game and fishing laws,
contact a member of the Putnam
county council, Gordon H. H.
Cloverdale; Bob Carl, Greenca-
stle; Frank Bridges, Bainbridge;
Dick Perry, Russellville, and Du-
an Henley, Roachdale, president.

They ask that every hunter,
trapper and fisherman obey and
help enforce all state laws and
be sure to get permission from
the farmers and land owners to
hunt, fish, or trap on his land
or water. Protect his property
as though it were your own.
There is plenty of game this year,
and if everyone abides by the
laws there will continue to be
in years to come.

Let each type of sports recog-
nize the other. As an example
the coon hunter and the fox hunt-
er, the gigger and the bait fisher-
man.

It would be appreciated if any-
one having suggestions to im-
prove hunting and fishing con-
ditions to contact some member
of the council.

The council has been reorgan-
ized and meets once a month. All
suggestions are talked over and
passed on to the state advisory
board and are drawn up into a
bill and presented to the state
legislature.

**HARRY WELLS WILL
SERVE AS TREASURER**

Harry Wells will act as treasurer for this year's Salvation Army appeal for funds in Greencastle, it was announced today by Ben Cannon, campaign chairman for The Salvation Army locally.

Mr. Wells has served before as treasurer of the drive and said upon accepting again this year that The Salvation Army had attempted to meet every request for help made in Putnam County last year. He further said that The Salvation Army will continue to stand ready to serve the needy when called upon.

A campaign organization is now in the process of being built to solicit all areas of Putnam County. The annual campaign

will be held for The Salvation Army locally within the next few weeks.

All money will be turned in by the workers to Mr. Wells at Central National Bank. Checks should be made payable to The Salvation Army.

MASS MARCH CALLED
PARIS (UP)—The French Communist Party called a mass march on Paris tonight to avenge the burning of the party's headquarters by an angry mob protesting Russia's military oppression in Hungary.

Paris was one of several cities throughout the world where violent anti-Communist demonstrations erupted in a spreading protest against the Soviet army's ruthless suppression of the Hungarian revolt.

The friend, Patricia Miller, old police she found Miss Bildine, who had spent the night in the trailer, at 5:30 p. m. when she returned from work. Police said a bare wire on the trailer's roof probably was responsible.

TAKES OWN LIFE

LAFAYETTE, Ind. (UP)—Authorities today investigated the death of Howard Preston Smith, 72, Lafayette, whose body was found beside a shotgun in the doorway of the Lafayette National Guard Armory Wednesday night.

Police said a shot was heard in the area about half an hour before the body was discovered. They said notes on the body left instructions to an undertaker, indicating death was suicide.

SOUTH LIKES IKE

ATLANTA, Ga. (UP)—Undimmed "Eisenhower popularity" and conservatives' resentment against the Democrats gave Republicans unprecedented gains in the South today, but no real "two-party" foothold.

From Texas to Virginia, from Florida to Tennessee and, for the

first time in 80 years, in Louisiana the Republicans garnered majorities for President Eisenhower. They also regained seven congressional seats.

But observers who tried to explain the phenomenon were not willing to concede the Republicans a "party victory" or admit they have made permanent inroads in the once solidly Democratic South.

An exception was Florida, where State Chairman James A. Milligan warned Democrats that "we have encountered an influx of new citizens who are Republican in theory and practice."

"We are now convinced that we have a two-party state," he said. They pointed out that the President gained votes both by Negroes seeking greater equality under a second Republican term and from disgruntled Democrats opposing the liberal civil rights platform of their own party.

But neither the Negro vote nor the showings of independent "protest" slates appeared decisive in any state and the Republicans' platform was no more attractive to the conservatives than the Democrats'.

Egypt Agrees To U.N. Police

CAIRO UP—Egypt has agreed to accept the United Nations proposal for an international police force, it was announced today by U. N. truce supervisor Maj. Gen. E.L.M. Burns.

Burns made the announcement after conferring with Egyptian Foreign Minister Mahmoud Fawzi.

Burns, who flew here earlier in the day from Amman, Jordan, announced that 10 United Nations observers were on their way to Egypt.

He said they would be stationed at Port Said, among other places.

REPORT CANCER ADVANCE
WASHINGTON (UP)—Scientists at the National Institutes of Health today reported a bold new advance in the fight against cancer.

They announced they have succeeded in "training" several viruses to attack human tumors transplanted to rats.

CAUGHT IN OKLAHOMA
OKLAHOMA CITY, Okla. (UP)—William Roland Reed, 31, who killed his aunt in a \$2 burglary in Indianapolis, was arrested here today by two police officers who didn't know he was wanted. Reed, a nine-time ex-convict, confessed to detectives he killed Mrs. Chloris Faith Marshall, 47, when she surprised him burglarizing her home Monday. She was stabbed 38 times with a switchblade knife.

RAPID CITY, S. D. (UP)—A Navy balloon dropped to the ground near Kennedy, Neb., today after falling out of control. It had set a new altitude record for manned-balloon flights at 78,000 feet shortly before beginning its plunge.

Two Navy balloonists, who survived the fall from the stratosphere were picked up by a helicopter after plunging 11 earth 5 miles southeast of Kennedy, Neb.

Trick Lost To Leave

In today's deal, Mr. Masters

won the first trick with the king of hearts. He then made a good shift to a club. He reasoned correctly that if his partner had a trick in clubs it had to be set up now—while he still had the trump suit stopped.

If Mr. Champion had as many as two small clubs, he could get rid of his club loser only on dummy's diamond suit. But with a lone diamond, Mr. Masters could ruff the second lead of that suit and fire another club. Thus the defenders would win a club, two hearts and a trump trick.

NO CLUB LOSER

But Mr. Champion had no club loser. Hearts were what he was worried about. He won the second trick with dummy's ace of clubs.

Now, if he had cashed even as many as two high spades, hoping the defenders' spades were divided 3-2, he would have lost his contract. Mr. Masters could have ruffed the second lead of diamonds and cashed three more heart tricks.

In this particular situation, Mr. Champion ignored the fact that five outstanding cards of a suit will break 3-2 more than two-thirds of the time. At trick three he led the deuce of spades from dummy and finessed the nine spot.

SPADES SET UP

This lost to the jack but now the spades were set up while there was still a trump on the board to stop the run of the hearts. Mr. Masters was stymied.

He cashed another heart then led a club. But Mr. Champion ruffed, picked up the remaining trumps and got rid of his heart losers on dummy's diamond suit.

Mr. Muzzy wasn't quite satisfied. "Don't you make five," he asked, "if you don't take that silly first round spade finesse?" "That silly spade finesse was the only play to make four," snapped Mr. Champion.

"But the finesse lost," Mr. Muzzy continued. "I still say." "You still say you don't know a good play when you see it," broke in Mr. Champion. "Whose deal is it?"

Dick, Estes Are Political Heirs

WASHINGTON (UP) — The election made Vice President Richard M. Nixon and Sen. Estes Kefauver the most likely heirs in their respective parties to the 1960 presidential nomination.

Angry stop-Nixon and stop-Kefauver campaigns are just around the corner. They are loaded with political trouble for both major

parties. Kefauver has been stopped before this. He came to the 1952 Democratic National Convention with solid delegate backing won in a spectacular blitz of important presidential primaries.

Kefauver led the field on the first two 1952 nominating ballots. He was stopped, finally, by a combination of big city Democratic machines, organized labor, conservative Southerners. The successful effort to cut Kefauver down to size was sparked by Harry S. Truman, then president of the United States. Mr. Truman was out front again this year in preventing Kefauver's nomination for president, an office for which Mr. Truman says the senator is unfit.

Nixon survived a 1956 stop campaign which had the Republican Party spinning off its axis before it folded under pressure of grass roots Republican leaders who not only like Ike but like Nixon, too. That campaign was to prevent Nixon's renomination for vice president.

Sixteen Women In New Congress

WASHINGTON (UP) — Sixteen women will serve in the new Congress, tying the record high set in the first session of the last Congress.

Thirteen incumbents and two newcomers were elected to the House. Sen. Margaret Chase Smith R-Me. also will be back. Her six year term doesn't expire until the 1960 elections.

The newcomers are Mrs. Florence P. Dwyer, Republican who unseated a Democrat in New Jersey's 6th district; and Mrs. W. T. Granahan, a Democrat who took over the race of her late husband, a five-term congressman in Pennsylvania's 2nd district.

They will offset vacancies in the feminine congressional contingent created by the death of Mrs. Vera Buchanan, D-Pa., and by the defeat in the primary elec-

tions of Miss Ruth Thompson R-Mich. in Tuesday's elections, five Republicans and eight Democrats. All women incumbents who ran were re-elected.

MAY GET TAX CUT
WASHINGTON, (UP)—Some small businessmen may get a tax cut in the next session of Congress.
But there's little chance other taxpayers will get any tax relief next year unless the country is unexpectedly plunged into an economic recession.

Experts Study Nov. 6 Results

WASHINGTON (UP) — Political strategists combed election returns today for clues to how the Democrats won majorities in Congress while President Eisenhower defeated their presidential ticket so overwhelmingly.

But they could not agree on any discernible trends. Republicans made congressional inroads in some long-established Democratic strongholds, and Democrats ousted some staunch Republican in normally GOP territory.
Democrats were assured of House control, even though a handful of seats still were in doubt. In Kentucky Republican Thurston B. Morton surged out in front of Democratic Sen. Earle C. Clements by more than 3,000 votes with 3,656 of the state's 4,082 precincts counted.
The Democrats defeated such staunch friends of Mr. Eisenhower

as Sen. James H. Duff R-Pa., one of the original Eisenhower-for-president enthusiasts, and former Gov. Dan Thornton of Colorado, the President's personal golfing companion at Denver. Thornton was beaten for the Sen-

ate by Democratic former Rep. John A. Carroll.
However, the Republicans made serious senatorial inroads in Kentucky, where Clements was driven to the wall in one battle and Democratic former Gov. Lawrence W. Wetherby lost in the other to former Sen. John Sherman Cooper.
All told, the Democrats picked up Republican-held Senate seats

Newest Buick Yet

You know all that talk you've been hearing about the 1957 new car models being *really* new?

Well, in the case of the 1957 Buicks it's true — *gospel* true.

We mean these 1957 Buicks are new in the precise and literal sense.

We mean new from the ground up, and from gleaming grille to sassy taillights.

We mean new lowness, new styling, new bodies, new windshields, new controls, new safety-padded instrument panels, new safety steering wheels, new seating, new fabrics, new colors.

We mean new front end, new rear end, new frame, new braking, new steering, new handling, new riding, new roadability — a whole new chassis of greater solidity and safety.

We mean V8 engines new from the crankshaft up — engines that deliver an all-time high in horsepower and compression from their 364-cubic-inch displacement.

And we mean, most of all, an *advanced* new Variable Pitch Dynaflo® — so instant in the starting range — so utterly smooth and so totally full-range in "Drive" — that your need for "Low" is practically eliminated.

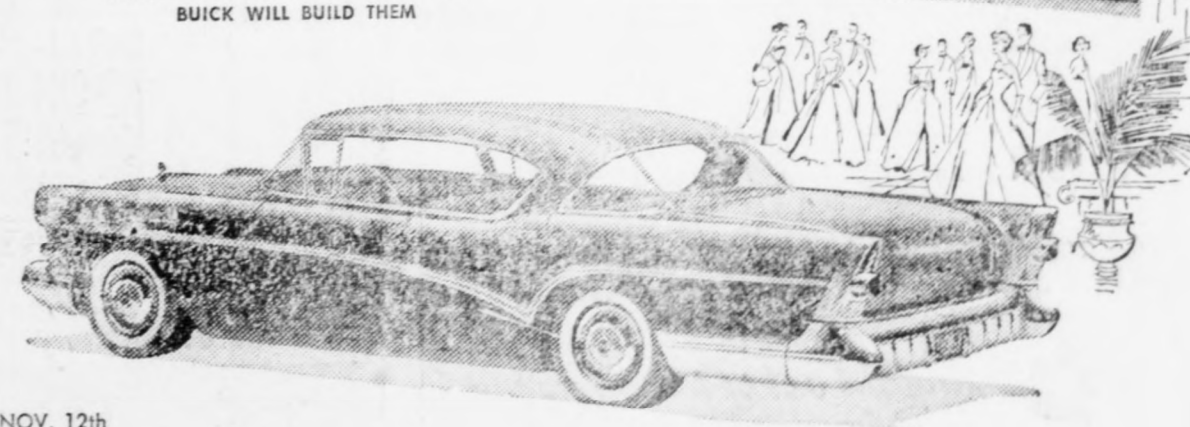

So come take in these low-silhouette, these boldly beautiful, these *instantly* obedient Buicks for 1957.

Then you'll see why you can't blame us for being so fired up about it all — and how catching this excitement can be.

**New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick built today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special.*

handcuffed him and headed him
for Dayton, Ohio. There, Moran
and two of his accomplices will
stand trial for a bank robbery at
Ansonia, Ohio.
